Subject: Dimock - Data Management Conference Call

Stephanie,

We will be having a conference call at 3:00 pm EST to discuss the data management status for the Dimock Site. I would like to discuss the content of the EDDs we have supplied, and whether we need to add more fields such as analysis or matrix (GW, DW, etc). Also would like to discuss the ramifications of adding new fields midway into the data review process.

Additionally, to better understand the process we are implementing I have provided a copy of our FTP summary file which attempts to add information about each particular file that was included on the FTP Site.

The call in number is:

Ex. 6 - Personal Privacy

Thanks,

Suddha Graves
